Welcome to DeltaCare

DeltaCare is an innovative dental plan that provides you with comprehensive care at a significantly lower cost than most other dental plans—which means great value for you. The plan is unique in its emphasis on preventive services, which are fully covered. DeltaCare works much like a dental HMO, in which you and your family receive all your care from a network of participating dentists. There are no waiting periods for any services. Your coverage begins immediately, so you get the care you need—when you need it.

Using Your Dental Plan

C Y P 3 C 3 D

You and each member of your family covered under DeltaCare must select a Primary Care Dentist (PCD) from the DeltaCare directory.

Please indicate the name and provider number of the PCD in the designated area on your enrollment form. If you do not select a PCD, we will assign one located near your home. To select a PCD, check the **D**P3

D

or our website at www.deltadentalma.com. You can also call the DeltaCare Unit at (800) 327-6277.

Shortly after your enrollment, each member of your family covered by DeltaCare will receive an ID card with his or her PCD's name

Emergency Dental Care

If you need emergency care, contact your PCD immediately. He or she will arrange to get you the care you need. If you can't reasonably reach your PCD (if you are traveling or not in the area, for example) and need emergency care, you should see a local dentist for treatment. You should then contact your PCD to arrange for further care. DeltaCare will provide coverage for emergency services required to reduce swelling, relieve pain, and/or reduce the potential for infection until you can see your PCD for treatment.

Orthodontic Care

We base orthodontic benefits on 24 months of comprehensive treatment. You'll be responsible for the co-payment associated with your treatment, which you'll pay directly to your orthodontist. It's up to you and your orthodontist to make payment arrangements for the patient co-payment.

O - -N O

Any care you receive from a non-participating orthodontist will be reimbursed at 20% of the maximum allowable fee or the orthodontist- submitted charge, whichever is less. The \$100 deductible for out-of-network services will apply unless it has already been satisfied.

Т э С э

You will be responsible for paying for any care you receive after your coverage terminates, and up to the submitted charge if you seek out-of-network treatment. It is up to you and your orthodontist to establish the terms and conditions of payment after coverage terminates. However, if you've started an orthodontic treatment plan and decide to continue to receive care from your DeltaCare orthodontist after your coverage terminates, your payments will be based on DeltaCare's discounted case fee.
