

# Heather Craig Olins

Department of Biology · Boston College · Higgins Hall 444A  
140 Commonwealth Avenue Chestnut Hill, MA 02467  
olins@bc.edu · 617-552-2890 · www.heathercraigolins.com · twitter: @heatherolins

## EDUCATION

**Harvard University**, Graduate School of Arts & Sciences, Cambridge, MA

Ph.D. in Organismic & Evolutionary Biology, May 2016

Thesis: Abiotic Influences on Free-Living Microbial Communities at Hydrothermal Vents;

Advisor: Dr. Peter Girguis

Microbial Science Initiative (MSI) Graduate Consortium Certificate

Bok Center for Teaching and Learning Teaching Certificate, completed Spring 2015

**Wesleyan University**, Middletown, CT

M.A. in Earth & Environmental Sciences, 2006

Thesis: Spatiotemporal Analyses of Benthic Macroinvertebrate Community Structure in Selected Connecticut Streams; Advisor: Dr. Barry Chernoff

B.A. with high honors in Earth & Environmental Sciences, 2005

Honors Thesis: Comparative Methods for Sampling and Analyzing Benthic Macroinvertebrate Communities in the Lower Connecticut River Basin; Advisor: Dr. Barry Chernoff

## POSITIONS & TRAINING

2023-present	<b>Associate Professor of the Practice</b>	Boston College, Chestnut Hill, MA
2017-2023	<b>Assistant Professor of the Practice</b>	Boston College, Chestnut Hill, MA
2016-2017	<b>Science Faculty</b>	Fessenden School, Newton MA
2009-2016	<b>NSF Graduate Research Fellow</b>	Harvard University, Cambridge MA
2011-2015	<b>Educational Consultant</b>	HHMI Biointeractive, Chevy Chase MD
2006-2009	<b>Science Faculty</b>	St. Mark's School of Texas, Dallas TX
2003	<b>Research Assistant</b>	Williams-Mystic Maritime Studies Program, Mystic CT
2002-2006	<b>Research Assistant</b>	Wesleyan Univ., Middletown CT

## AWARDS & HONORS

Selected for Boston College Center for Digital Innovation's Design Thinking Working Group, 2021-2022

Selected for the Scientist Spotlights and Data Nuggets QUBES Faculty Mentoring Network, Spring 2021

Selected for Boston College Center for Teaching Excellence Faculty Cohort on Applying Learning Sciences to teaching, Fall 2019

Selected for the SimBio/QUBES Faculty Mentoring Network, Spring 2019

Selected for Boston College Center for Teaching Excellence Faculty Cohort on Teaching for Inclusion & Social Justice, Fall 2018

Selected to participate in Boston College's inaugural Faculty Teaching Retreat, June 2018

Certificate of Distinction in Teaching, Harvard University Derek Bok Center, Fall 2014  
 2014 Harvard Horizons Scholar: selected for months of mentoring and training in science communication culminating in public talk in Sanders Theater  
 Participant (50/800 selected) ComSciCon national science communication conference, 2014  
 Winning photograph in "The Subjective Objective" science image show, 2014  
 Audience Choice Award at (invited) Phoenix ComiCon FameLab competition, 2014  
 "Certificate of Mentor Awesomeness" Science Club for Girls (Cambridge, MA) outstanding mentor award, 2010

### INTERNAL GRANT & FELLOWSHIP SUPPORT

#### **Boston College's Undergraduate Research Fellowship**

200-400 hours support annually (2018-present) for undergraduate researchers

2019	<b>Boston College Teaching and Mentoring (TAM) Award</b> Scientist Spotlight Interviews in Introductory Biology	\$6,300
2018	<b>Boston College Academic Technology Innovation Grant (ATIG)</b> Empowering Biology Students with Cutting-Edge Handheld Sequencing Technology	\$15,500
2018	<b>Boston College Ignite Award</b> Establishing Long-term Monitoring, Engaging Undergraduates, and Conducting Experiments Related to Carbon Cycling and Climate Change	\$20,000
2018	<b>Boston College Affordable Courses Initiative grant</b>	\$2,000
2018	<b>Boston College Exploratory Technology Grant</b>	

### PREVIOUS GRANT & FELLOWSHIP SUPPORT

National Science Foundation Graduate Research Fellowship, 2011-2014  
 Deep Submergence Science Committee (DESSC) workshop travel grant, 2012  
 Harvard's Microbial Sciences Initiative (MSI) travel grant, 2011  
 RIDGE2000 travel grant, National Science Foundation, 2010

### RECENT TEACHING EXPERIENCE

2017-present **Assistant/Associate Professor of the Practice** Boston College

2016-2017	<b>Science Faculty</b> in the upper school Taught 4 classes of 7th grade Earth Science	The Fessenden School
2010-2015	<b>Teaching Fellow, Deep Sea Biology</b> (3x) Assisted with course redesign and led students in discussions of scientific literature	Harvard University
2014	<b>Teaching Fellow, Foundations of Biological Diversity</b> Lead weekly lab and discussion section of 19 in course of 110 students.	Harvard University
2014	<b>Instructor, Alien Worlds on Earth</b> Designed, proposed, and taught week-long course funded by the Graduate Student Council. Selected as one of 13 courses out of 32 proposed	Harvard University

## MENTORING and ADVISING

Boston College Summer Orientation Advising: Summers 2019-2022  
 Gateway to STEM program academic advisor: Fall 2021-present  
 Boston College Undergraduate Research Students Mentored  
   Erin Lender: Fall 2022 and ongoing  
   Mary Clare Earnst: Summer 2023  
   Katherine Jeszenszky: 2021/2022 academic year  
   Cosette Patterson: 2021/2022 academic year  
   Carlos Tramonte (McNair Scholar): Fall 2020-Spring 2021  
   Meaghan Grogan: Summer 2020  
   Cameron DeAngelo: Summer 2018-Spring 2020  
   Josephine Pandji: Spring 2018-Spring 2020 (Thesis won Biology department's Balkema Award for best senior thesis)  
 Boston College McNair Exploratory Program (MEP) mentor, Spring 2018-present  
 Boston College Gateway Program faculty member, Spring 2018-present  
 Boston College First Year Student Orientation Advisor, Summers 2018-present  
 Mentored high school intern on independent research project, 2014  
 Volunteer Mentor, Science Club For Girls, Cambridge, MA, 2009-2010

## PROFESSIONAL SERVICE - Internal (Boston College)

Member: Biology Department Microbiology search committee, Fall 2022-Spring 2023  
 Biology Department Liaison to the Core, Summer 2022-present  
 Faculty advisor to Sea Eagles club, Fall 2022-present  
 Designed and facilitated day-long science communication for Boston College graduate students: July & December 2019, May 2021, January 2022  
 Biology department retreat poster/talk judge: Summer 2019, Summer 2022  
 Environmental Studies Program Affiliate Faculty, Summer 2019-present  
 Biology Depart Library Liaison, Spring 2019-present  
 Reviewer: Advanced Study Grant, Spring 2018-present  
 Co-facilitator: Robin Wall Kimmerer Lowell Humanities Series event, Fall 2021  
 Member: Environmental Studies Visiting Assistant Professor search committee, Spring 2021  
 Invited Panelist: "Redefining Inclusion" panel (CTE's Excellence in Teaching Day), Spring 2021

Invited Anchor: CTE's "This Isn't Busywork" Teaching Roundtable, Spring 2021

Member: Biology department Undergrad. Research Opportunities Steering Committee, summer 2020-2021

Faculty Interviewer: Gabelli Presidential Scholars Program, Spring 2020, Spring 2021

B.C. formative education webinar invited panelist, Summer 2020

Faculty Advisor: Boston College Life Sciences Journal, Spring 2018-Spring 2022

Invited keynote panelist: CTE's Graduate Teaching Conference, August 2019

Invited panelist: McNair Exploratory Program Graduate School Panel, March 2019 (invited and declined due to conflict, March 2021)

Living Foods: The Microbiology of Food and Drink. Co-lecturer, SITN Fall Lecture Series. Oct. 2012 ([video link](#))

Beneath the Surface: The Present and Future of Our Oceans. Co-lecturer, SITN Fall Lecture Series, Oct. 2011 ([video link](#))

## Writing

earthreads newsletter, personal blog ([link](#)) Spring 2022-present

Teaching Reflections, personal blog ([link](#)), Spring 2020 - present

"The Relaunch of an Ocean Workhorse" ([link](#)) American Scientist Multimedia, 2014

"The Alien Worlds of Hydrothermal Vents" ([link](#)) SITN Flash, 2013

"The Higgs Boson Hoopla Explained" ([link](#)) SITN Flash, 2012

"The Mysterious Lovechild of Geology and Biology: Hydrothermal Vents." Harvard University

Dudley Review: revenant, Volume 16 (2010)

## INVITED TALKS

- **Women's Panel at Koftsta Dorm** (female student formation event) panelist, September 2023
- **Boston College Biology Department Teaching Career Seminar** guest speaker and panelist, December 2022
- Working on Land and at Sea. **Sea Eagles Club Meeting**, November 2022
- **EcoPledge Environmental Professor Panel** invited panelist, November 2022
- Careers Beyond the Bench session invited panelist at **Boston Bacterial Meeting**, June 2022
- Abiotic Influences on Free-Living Microbial Communities: From Hydrothermal Vents to Local Freshwater Wetlands. **Boston College Earth & Environmental Sciences Seminar Series**, March 2021.
- **Boston College Earth & Environmental Science Colloquium Seminar** - cancelled due to COVID-19, Spring 2020
- Abiotic Influences on Free-Living Microbial Communities: From Hydrothermal Vents to Local Freshwater Wetlands. **Nayak Lab, UC Berkeley** (remote presentation), May 2020.
- Mineral Colonization Samplers Reveal Patterns in Microbial Community Composition and Structure at Hydrothermal Vents. **Girguis Lab, Harvard University**, Jan. 2019
- Abiotic Influences on Free-Living Communities in Hydrothermal Vent Ecosystems... and coming soon local wetlands. **Boston College Biology Department Retreat**, Aug. 2018
- Life without Light at Deep Sea Volcanoes. **Harvard University Project Teach** program for local middle school students, April 2014
- An Unexpected Distribution of Microbial Activity Within a Hydrothermal Vent Field. **MIT Microbial Systems Seminar**, Dec. 2014
- Microbial Activity at Diffuse Flow Hydrothermal Vents. **Bridgewater State biology seminar**, Oct. 2014
- Life without Light at Deep Sea Volcanoes. One of three invited speakers for **St. Mark's School of Texas STEM conference**, Oct. 2014
- Life without Light at Deep Sea Volcanoes. Invited speaker for **Harvard's Institute for English Language** for international graduate students. Aug. 2014

The Importance of Low Temperature Habitats for Microbial Activity at Hydrothermal Vents.  
**Microbial Sciences Initiative chalk-talk**, Nov. 2013

#### **SELECTED CONFERENCE PRESENTATIONS**

- **Olins H**, Pandji J, DeAngelo C. Spatial Scaling of Microbial Diversity in Nearby Freshwater
